Ray,

Alan spoke to Susan. My understanding is that we will have the cstag meeting in early October. They will give us comments in two weeks.

We give the nrrb the draft ffs on October 7 and they meet by the end of October. They also give us comments in two weeks.

I do not know whether Susan agreed to these timelines but Alan said it was positive and I let Betsy know.

I have just received the below e-mail from Jim. Can we give him a quick response?

Let's talk later.

George,

Can the Region prepare ASAP a 1-2 pager on their new approach; assuming you are not using the EMBM model.

Can you briefly discuss what data, studies, models, evaluations that are going to be relied upon for decision making as part of this?

Can you add in the timing as well?

We should have a conf call after we get this.
